WEST KENTUCKY COAL

DROPS \$1, IS REPORT

\$3.50 a Ton for Run of Mine is Price Named in Dispatch From Madisonville

Louisville, Ky., Nov. 27.—A dispatch from Madisonville last night said that prices at Western Kentucky mines yesterday dropped 50 cents a ton on run of mine coal and \$1 on lump coal. Several shipments were made at \$3.50 for run of mine coal and from \$5 to \$6.50 for lump.

Inquiry among Louisville retailers yesterday showed a "firm" market. Coal was offered at \$10.50 for Western Kentucky lump, and from \$11.50 to \$12.50 for Eastern Kentucky and West Virginia coal. The prices have been stationary for several weeks.

A dealer in Southern Indiana coal offered his product, which he claims superior to Western Kentucky, for \$9.50 a ton. A few dealers refused to quote prices, declaring that they had no coal.

I.V.E. GUARDS DISCHARGED WHEN PRISONERS ESCAPE FRANKFORT PENITENTIARY

Frankfort, Ky., Nov. 24.—Five guards of the reformatory on duty last night when John Ochsner and Claude Hall escaped over the walls of the prison were discharged today by Superintendent Moyer. They are B. H. Linville, of Somerset; Lucas Barlow, of Springfield; C. M. Gaines, of Lawrenceburg; F. H. Todd, of Owensboro; George True, of Frankfort. Moyer said there was no excuse for the guards letting the men escape by sawing the cell door bars, as three of them were on duty early in the night and two later on.

MOST OF BANK LOOT IS FOUND

Few of the valuable papers stolen from the First National Bank, Harrodsburg, a week ago are now missing, according to John Brewer, former cashier of the institution, who went to Anchorage to take charge of the papers found Thanksgiving Day.

Notes belonging to Mr. Brewer aggregating \$23,000 are accounted for and in addition, between \$16,000 and \$18,000 of notes belonging to other depositors were found in the papers recovered Thursday by L. C. and Hubert Ewing.

A number of certificates of bank stock were in the recovered papers, Mr. Brewer said yesterday. He and L. C. Ewing, Sr., yesterday made another inspection trip over the Shelbyville Road in an attempt to discover more papers.

Seven of fourteen safety deposit boxes stolen from the bank have been accounted for. Mr. Brewer found \$3,000 worth of notes in addition to those already listed, he said.

Mr. Brewer left for Harrodsburg yesterday with the recovered documents.

PALMER RECEIVES REPORT ON KENTUCKY VOTE PROBE

Washington, Nov. 23.—Preliminary reports on the investigation being conducted by the Department of Justice into alleged election frauds in Eastern Kentucky have reached the Attorney General's office.

Pending receipt of the filed and complete report, however, Attorney General Palmer refused to make any statement. It is expected that the complete report will be filed this week.

The special agents who were detailed by the department to make the investigation are still in Kentucky.

GROVER RENDER DEAD

Mr. Grover Render died at the home of his brother, Mr. Penny Render, of McHenry, Ky., at 12 o'clock Thursday, Nov. 26 after a lingering illness of rheumatism and erysipelas. He had been employed in Detroit, Mich., until a few weeks ago when he returned to McHenry because of his ill health. He was a son of Squire Robert Render, deceased and was about 30 years of age.

Burial occurred at Independence, Friday, at 12 m.

PENDLETON—WOOTEN

The marriage of Miss Mary Laura Pendleton and Mr. Goodell Wooten was solemnized at the bride's residence in this city, Friday afternoon at 2 o'clock by the Rev. Russell Walker, Pastor of Hartford Baptist church. Only a few choice friends were present.

The bride is the daughter of Dr. E. B. Pendleton and has been a popular teacher here being at present a member of the faculty of Hartford College. Her cultivated mind and charming personality has won for her a large circle of friends and devoted pupils. She was attired in a dark blue corsage gown and wore a beautiful corsage bouquet of Madam Ward roses. Mr. Wooten's home is near Hartford and he is one of the county's most popular and successful young farmers.

Accompanied by Mr. and Mrs. L. T. Riley, Miss Ione Hedrick and Mrs. A. D. Kirk, they motored to Beaver Dam from whence Mr. and Mrs. Wooten left on the East bound train for Louisville. After a few days stay in that city they went South to visit relatives in Nashville and Chattanooga. They will soon return here to reside in their suburban home.

LONGTYME—GOETTE

The marriage of Miss Trida Longtyme (A. C. Porter) and Mr. I. Ama Goette (Ellis Foster) was solemnized at the court house in Hartford, Thursday night, Nov. 25, by Rev. Pius Emptepocket (M. A. Fogle) in the presence of about 700 guests.

This play was presented by 45 of Hartford's business men and the proceeds will go to the P. T. A. Early in the evening it was seen that the court hall would not seat the entire audience and it was announced that a second performance would be given. The two performances netted \$187.00. You can imagine how amusing it was to see these men attired, some as children, some as young ladies, some as old ladies while those representing men wore full dress suits and were made up to look the various parts assigned them.

We had intended to give a complete description of the affair, but space will not permit this week. Suffice it to say it was one of the best performances ever presented in Hartford. All who took part in the play or preparing costumes etc. deserve their share of the glory, but to Miss Mary Marks should be given the credit of originating the idea and engineering it to a successful conclusion.

MRS. L. C. MORTON DEAD

Centertown, Ky., Nov. 30.—Mrs. L. C. Morton died at her home in Centertown this morning at 3 o'clock. She had been in almost perfect health until last night when she was suddenly stricken with heart failure. Mrs. Morton was 67 years of age and one of the county's most respected ladies.

Her husband survives her. Others of her family left are a son, Ernie Morton, a druggist of Centertown; daughter, Mrs. Dr. J. L. Smith, of Centertown; one sister, Mrs. Laura Morton, of Livermore; three brothers, Fonza Rowe, of Bowling Green; Alvin Rowe, Cashier of Centertown Deposit Bank; and Curtis Rowe, of Benton.

The funeral will be preached at the Centertown Baptist church by Rev. J. J. Willet, of Owensboro, tomorrow at 11 a. m., after which the remains will be buried in Centertown cemetery.

MRS. KATY SCHNEIDER GRANT DIES OF SPINAL TROUBLE

Centertown, Ky., Nov. 30.—Mrs. Katy Schneider Grant wife of Archie Grant, died at her home in Centertown, at 11:30 a. m. Monday, after a lingering illness of spinal trouble. She was 30 years of age and a lady admired by all who knew her. She was a member of the Christian church.

She is survived by her husband; parents, Mr. and Mrs. W. T. Schneider, of Centertown; a daughter, Nanette May, only 19 months old; a son, Schneider, 10 years old; and one sister, Mrs. Cecil Calvert, of Centertown.

The funeral was conducted at the home at 12:30 p. m. today by Rev. L. W. Tichenor, after which the remains were interred in Walton's Creek cemetery.

BOYS AND GIRLS LIFT

HARTFORD'S BANNER

Caneyville Boys and Greenville Girls Defeated in Wednesday Game

Both the Hartford High School Boys' team and the High School Girls' team added another victory to their list in Wednesday night's basketball game. The Caneyville team came to Hartford with a 100 per cent record having defeated some of the fastest teams in this section of the state, but when they returned to their home town, the next day they bore the sad tidings that Hartford had defeated them by a score of 33 to 15. The game was hard fought but clean throughout and the Caneyville boys' declared their treatment here was the most courteous received in any town they have visited this season.

The lineup was as follows:

Hartford	Caneyville
V. Crowe	F. Byers
B. Ellis	Taylor
Robertson	C. Washburn
D. Williams	G. Burden
E. Bartlett	G. Embry

Scores: field goals, Crowe 7; Ellis 1; Robertson 2; Williams 3; free throws Ellis 7; Byers 3; Taylor, 1; Washburn, 2; free throws, Taylor, Washburn, Burden, one each.

Subs: Hartford, M. Rhoads, H. Porter; Caneyville, Milan. Referees Bratcher, of Caneyville and Foeman of Hartford.

The Greenville girls were good players and came to this city confident that they would leave with a new laurel, but the Hartford girls were also confident and went into the game with a grim determination to retain their hitherto perfect record and they did. At the end of the game the score stood Hartford 22 Greenville 14.

Following is the list of players:

Hartford	Greenville
H. Barnett	F. H. Moore
E. Pendleton	L. Pannell
L. Williams	C. H. Spurlin
A. Pirtle	G. M. Morgan
K. Dodson	G. R. Brooks

Points: Barnett 4 free throws and 4 field goals; Williams 5 field goals. Spurlin 2 field goals, Moore 2, Pannell 2. The latter two also caged one free throw each.

Sallye Shults relieved Williams in the last half of the last quarter and Bessie Clark was also on the bench as a Hartford Sub., while Marjory Kenvil and Ruth Green were in reserve for Greenville.

Referee, Bratcher, of Caneyville. The visiting boys and girls played clean games and are the kind we like to have visit us.

The Hartford girls went to Caneyville, Saturday evening, and engaged the girls of that town in a game, but were defeated by a score of 24 to 14.

While attending the Hi-Y Convention at Owensboro, the Hartford boys defeated the Owensboro Y. M. C. A. team in a hard fought game, the score being as follows: Hartford 34; Owensboro 20. The game was played Friday afternoon. The Hartford Boys' team has not been defeated this season.

TEXAS TORNADO KILLS ONE; LOSS PUT AT \$100,000

Beaumont, Tex., Nov. 27.—One person dead, another missing and property loss of approximately \$100,000 is the result of a tornado of two minutes' duration which struck late at Port Arthur, Texas, a port near the coast and on Sabine Lake. A portion of the Port Arthur Canal and Dock Company's sheds were demolished by the storm.

BALLOON PASSES OWENSBORO

Owensboro, Ky., Nov. 28.—Considerable excitement was caused about noon today when several citizens observed a balloon passing over the city. The balloon, traveling in a northwesterly direction, was apparently at an altitude of 2,000 feet. About 5:30 p. m. lights were seen in the sky traveling in the same direction, indicating that another balloon was in the vicinity.

Mr. and Mrs. C. O. Hunter, spent Sunday at Kronos. They were accompanied home by Mr. Hunter's mother, Mrs. S. T. Hunter, who will spend the winter with them.

FARMERS' UNION IN

BIG BUSINESS

Co-operative Agencies Handled Transactions Exceeding \$600,000.00

Kansas City, Mo., Nov. 27.—Co-operative agencies, selling and purchasing, together with commercial enterprises conducted by the National Farmers' Union, an organization of 900,000 members, did an aggregate business of more than \$600,000.00 in the last twelve months according to reports submitted at the annual union convention here several days ago.

Strung across more than twenty states, the business activities of the union have become most important in the farming industry and the agency feature presents the only working co-operative marketing plan today, according to officials.

The agencies are maintained primarily to bring to the members the highest market prices for what they produce and to offer them commodities at the lowest prices.

Under the plan the farmer-memberships his produce or livestock to the nearest selling agency. There it is taken in charge by men who have his interests at heart and not sold until the highest price has been commanded. For the purchase of commodities he needs, the member turns to the purchasing agency, whether he wants calico, two by fours or a steam tractor. He finds them offered, officials say, at prices considerably below those he would have to pay ordinarily. This is possible, they explain, from the fact that the agency is able to get better prices because it purchases in carload lots and the profit of the middle man is eliminated.

As in the case of the agencies, the business enterprises of the union are conducted by men drawn from the organization's membership. In Kansas where that feature has been given especial attention more than 700 elevators, stores, mills, lumber yards, etc., are in operation.

The operating expenses of the selling and purchasing agencies, officials say, come from money deducted when sales are made for members and from margins realized from sales of commodities to the members. In both cases, they say, the sum realized from the individual is nominal. If there is a surplus at the end of the year the money is pro-rated back among the members.

FARMERS' INSTITUTE HERE

DECEMBER 10 AND 11

Some of County's Most Prominent Men and Women To Speak

On Friday and Friday night Dec. 10th and Saturday, Dec. 11th, 1920, there will be held in the Court House, a Real, Live, Farmers' Institute; for some reason or other these Institutes died out some time ago, but due to the foresight and longheadedness of our present Commissioner of Agriculture, Mr. W. C. Hanna, who is himself a practical farmer they have been revived, and Ohio County can indeed thank the State Department for being let in on this one.

You will remember the Chautauqua held summer before last at Beaver Dam, which was backed by the Kentucky Bankers' Ass'n and others, this is along the same lines, only gotten up by the State and assisted by various members of the Experiment Station Staff, and others.

These men and women are some of the most prominent in the County along their particular lines; and the State Department is confident that these speakers can do a great deal to help Farmers with their problems if they will come to the meetings. Ladies are especially invited to hear the talks on Home Subjects and Children's problems.

The two meetings are to be all day sessions, and Friday night there will be a very good program of about two hours. No Farmer in Ohio County can afford to miss these meetings. Use YOUR telephone. Tell YOUR neighbor. Stop BY and see that he or she comes along, remember this FREE, no admission and no Collections, the state is paying these men and women to give you this message, won't you spend your TIME to hear them? Look for the program on another page in this paper.

M. L. McCRACKEN, Count Agent.

HARTFORD BOYS ATTEND HI-Y CONVENTION

Twenty three students from the Hartford High School accompanied by Prof. Roy H. Foeman, attended the Second Henderson District Hi-Y Convention or Older Boys' Conference at Owensboro, Nov. 26-28. Some very interesting programs were rendered and the boys from this place report that they were royally entertained. Hartford had the largest visiting delegation present. Douglas Williams of this place was elected Secretary of the Conference for the ensuing year. While in Owensboro the Hartford High School Basketball team defeated the Owensboro Y. M. C. A. team by a score of 34 to 20.

Those from here who attended were: Walter Westerfield, Luther Turner, Ersel Bennett, Blanton Ellis, David Bishop, Ellis King, Arnold Likens, Parke Tappan, Richard Ford, Otha Lee, Douglas Williams, Virgil Crowe, Delbert Whitaker, Orville Hoover, Raymond Robertson, Earl Bartlett, William Davidson, Herbert Porter, Myrvell Rhoads, Sadie Bean, Herman Snell, George DeBruier and Morrel Hoover.

THANKSGIVING SERVICE

The churches of Hartford held a union Thanksgiving service at the Methodist church, Thursday morning at 10:30 o'clock. This was a splendid service consisting of songs, prayer, reading of president Wilson's Thanksgiving proclamation, and a Thanksgiving sermon, all the ministers present taking part. The only discouraging thing about the service was the fact that about half the pews were empty. It seems that many people are so busy about getting more money that they cannot stop for an hour and attend a service for the purpose of extending thanks to their Creator for the multitude of blessings they have enjoyed within the past year.

SOCIAL CLUB

Mrs. Rowan Holbrook entertained the Hartford Ladies' Social Club at her home Tuesday evening Nov. 23, in a very delightful manner. A number of games of progressive rook were enjoyed after which those present partook of a delicious lunch.

MARKET NEWS LETTER

Publication of the Market News Letter by the College of Agriculture, University of Kentucky, is resumed with this issue after a suspension of several months. The purpose of this publication is to bring to the attention of farmers and others, matters of interest in connection with the marketing of farm products.

Wool
"When will the wool market recover and what are the prices going to be?" This question naturally is in the minds of wool growers at the present time, while there is no definite answer the information which is available throws some interesting side lights on the situation.

A large share of the 1920 wool clip of the United States is still in the hands of the producers or in co-operative wool pools at central points. Kentucky wool growers should not lose sight of the fact that growers all over the country are confronted with the same problem.

The figures regarding the monthly consumption of wool by manufacturers in the United States have shown a steady decrease since last spring except that the amount in August was slightly larger than the July consumption. The September consumption was less than that of August but the Bureau of Markets in publishing these figures calls attention to the fact that reports from a few manufacturers were not received in time to be included in the September total.

The quarterly reports of dealers and manufacturers' stocks of wool on hand indicate that the dealers had larger stocks of wool on hand on December 31, 1919, and March 31, 1920, than on December 1, 1918, and March 31, 1919. The reports for June 30 and September 30, 1920, however, show considerably smaller stocks on hand than on the same dates last year.

The Census Bureau compiles monthly reports of the active and idle wool machinery in the United States. The percentage of idle wool machinery has been much higher during the last few months than last fall or the early part of 1920. Thus, 43.2 per cent. of the woolen spindles and 26 per cent. of the worsted spindles were reported idle on October 1 of this year, while on October 1, 1919, the idle woolen spindles were only 7.7 per cent. and the idle worsted spindles 7.2 per cent. of the total.

One reason given for the shut-down of mills is the cancellation of orders and the falling off in amount of orders for finished goods. One publication states that orders received by manufacturers up to the latter part of October for woolen and worsted piece goods for 1921 spring season, are estimated to be only ten per cent. of the volume of orders up to the corresponding date in 1919. This publication states further that the industry as a whole is running at about thirty per cent. of its capacity. The consumer naturally is unwilling to buy clothing at high prices when the trend is downward and many persons are restricting their purchases to sheer necessities. This situation makes itself felt in the wool market the present season.

Wool growers who have their wool in a pool should remember that the present stagnation is not due to any weakness in this method of marketing but is the result of conditions outside of the control of those who are in charge of wool pools.

PRICE STAYS, BUT BAKER'S LOAVES GROW 10 PER CENT

Ogden, Utah, Nov. 26.—The largest baking company in Ogden announced that, effective at once, the size of its loaves of bread would be increased 10 per cent. the price to remain as at present.

NEW CUT ANNOUNCED IN PRICE OF SHOES

St. Louis, Mo., Nov. 24.—Further reductions in the wholesale prices of certain styles of shoes were announced by two shoe manufacturers here today.

A general reduction of ten per cent was made by the McElroy-Sloan shoe company, officials of that firm said.

The Brown Shoe company announced that men's calf skins were reduced, from \$7.50 to \$5.60, enabling a retail reduction from \$11 to \$8. Women's calf skins, the announcement added, were cut from \$6 to 4, enabling the retail price to decline from \$9 to \$6 or \$6.50. Workmen's shoes were cut to \$2 from \$3.85, which, it was said, would allow the retail price to fall from \$6 to \$4.

UNIDENTIFIED MAN KILLED

BY TRAIN IN COVINGTON
Covington, Ky., Nov. 26.—An unidentified white man was killed here Wednesday when he fell under the wheels while trying to board a Louisville and Nashville train. A

laundry mark with the name "Trene Newell, Richmond, Ind.," was found in the victim's pockets. The name, "Fred Staton," also was stamped in his clothes. He was about 35 years old, weighed 176 pounds and had brown hair.

Giving a Guess

"In fall I have vague yearnings," sighed the poet. "I yearn, but what do I yearn for?"
"Oysters, perhaps," suggested the girl.

JEAN PAIGE

Jean Paige never appeared on the stage and in fact she never made a picture until she came to the Vitaphone studio and was given a role in an O. Henry two reel feature. She is the product of a farm in Paris, Ill., and, like the farmer, makes hay while the sun shines. Soon Miss Paige was leading women for Harry T. Morey and later for Earle Williams in "The Fortune Hunter," and now she is being co-starred with Joe Ryan in a serial.

GOAT ATE RAILROAD GRASS, DIED, OWNER SUES COMPANY

Houston, Tex., Nov. 28.—George Jones, a farmer near Houston, owned ninety-six goats recently. They romped and played and ate the green grass along the right of way of the Texas and New Orleans railroad. Suddenly they all lay down and died. Jones today filed suit against the railway for \$970 damages. He alleges an agent of the line spread poison over the grass.

THANKSGIVING PARDONS ARE GIVEN BY GOV. MORROW

Frankfort, Ky., Nov. 28.—Thanks giving pardons were given William Gibson, of Leslie county, and Daniel Couch, of Perry county, by Governor Morrow. Gibson had served three years of a life sentence for murder and is in broken health with

his eyesight nearly gone. Couch was sent up last May for two years for altering checks.

Wild celery he could go gather

Daddy's Evening Fairy Tale

by MARY GRAHAM BONNER

THE ROOSTER'S SPEECH.

Cock-a-doodle-do, cock-a-doodle-do, cock-a-doodle-do," said Mr. Rooster. "We hear you," said the other hens and roosters.

"Then pay attention, please, to what I have to say."

"Is it of any importance?" they asked.

"Of great importance," he said. "Why?" they inquired.

"Because everything I say is of importance," he added proudly as he strutted about the barnyard.

"Well, there might be a difference of opinion about that," said Mr. Red Top Rooster.

"Yes, there might be a difference of opinion," said Miss Fidgety Fashionable Hen.

"Just as there is a difference of opinion as to whether a caterpillar is popular or not," said Mrs. White Hen.

"Other caterpillars might say yes, people might say no."

"Ridiculous talk, Mrs. White Hen," said Mr. Rooster. "I'm surprised at you."

"You needn't be," said Mrs. White Hen.

"You needn't be surprised at anything," said Master Pig, who was in an open shed near the barn. He had gone there for he had found it cold out of doors and now he was looking under

"I'm Surprised."

the bars of his shed, putting his head way out and looking this way and that with his funny eyes.

He could hear what was going on and as there was now no food around he was quite interested.

"Of course," he explained, "I wouldn't be interested if there were any food around. I'm only a pig and after all pigs are pigs and love their food."

"I heard," said Mrs. White Hen, "that Pinky Pig was much puzzled the other day because he found his mother sitting in front of some pigweed and not touching it. He couldn't make it out because she said that she was not ill."

"Poor Pinky was dreadfully upset about it, though he didn't bother to think about how upset he was until after he had eaten it all himself, but he did worry then."

"And it seemed that his mother had eaten so much and there had been so much of it that she had actually gotten to the point where she couldn't eat any more. Of course Pinky was glad of that for he had a good deal extra to eat because of that fact. But for a time he was much puzzled. Cackle, cackle, that was funny."

"But only natural," said Master Pig from the shed.

"Weren't you going to say something, grunt, grunt?" he added, looking out of his funny eyes at Mr. Rooster.

"I was," said Mr. Rooster. "But I've almost forgotten what I was going to say. Maybe I was going to tell about the visit Mrs. Christopher Skunk paid around here last night and of how she gave her various warnings letting every one know she would send forth that horrible odor which is her protection. She always has a series of warnings to give first!"

"But no, that wasn't what I was going to say. I was going to speak about old automobiles which have always bothered me and my family."

"I heard that when the farmer's children visited the seashore this summer they made automobiles in the sand and sat in the sand seats they made and pretended to drive the sand automobiles along."

"That made me mad for it was paying too much attention to the old automobile and flattering it. But at last I am happy, for I hear that automobiles are very jealous of airplanes. And I prefer airplanes."

"I'll tell you one thing—they can foot their horns all they like up in the sky and we will crow and crow and never pay any attention to them."

"Ah, I'm glad that airplanes are making the automobiles jealous, silly dust-stirring things."

"Airplanes will be different. If they sit up a few clouds how much nicer that will be than stirring up dust. And we won't be chased from cloud to cloud as we are from one side of the road to the other, for we won't be there a second! That makes me so happy, and I can't help thinking about it over and over again. It's worth saying over and over again too."

No Prospect.

"Do you think the baby will take after his father?"
"No, his father would never leave anything after him to take."

Illinois Presents Comparative Cost of Passenger Fare

Americans pay more for nearly everything they buy than do Europeans. They are able to pay more because their wages are relatively higher. There is one notable exception, however—passenger transportation charges in this country are substantially lower.

Although there has been a recent increase in American passenger fares, Americans still pay less for traveling accommodations than Europeans. The following is a comparison between passenger fares charged in the United States, the points being on the Illinois Central System, and fares paid by Europeans traveling similar distances:

FROM	TO	Distance (Miles)	Railroad Fare	Sleeping Car Fare	Total Fare
Jackson Miss.	New Orleans, La.	183.1	\$7.13	\$3.65	\$10.78
London, Eng.	Manchester, Eng.	183.5	11.07	2.43	13.50
Memphis, Tenn.	Vicksburg, Miss.	221	8.59	4.05	12.64
Paris, France	Liege, Belgium	228	14.51	7.53	22.04
St. Louis, Mo.	Chicago	294.2	11.24	4.05	15.29
London Eng.	Carlisle, Eng.	299	19.59	3.65	23.24
Chicago	Fort Dodge, Iowa	374.6	14.89	4.05	18.94
Paris, France	Geneva, Switzerland	375.9	25.68	14.63	40.31
Sioux City, Iowa	Chicago	509.6	20.15	4.86	25.01
Paris, France	Biarritz, France	507.3	32.60	18.31	50.91
Chicago,	Memphis, Tenn.	526.7	21.15	6.08	27.23
Paris, France	Milan, Italy	522.5	47.59	22.12	69.71
Birmingham, Ala.	Chicago	689.2	25.62	8.10	33.72
Paris, France	Venice, Italy	687.2	61.39	27.56	88.95
Chicago,	Jackson, Miss.	737.4	29.34	8.91	38.25
Paris, France	Florence, Italy	731.3	54.45	32.09	86.45
Louisville, Ky.	New Orleans, La.	787.4	30.11	8.91	39.02
Paris, France	Prague, Czecho Slov	786	93.13	24.96	118.09

All American fares given in the table include a war tax of 8 per cent. The American sleeping-car fares are for lower berths.

The American custom of handling, free of charge, as much baggage as the ordinary passenger carries is unknown abroad. In addition, baggage rates in Europe are much higher than in the United States. This condition should be considered in comparing passenger fares in the various countries.

In the United States the railroads collect a surcharge on sleeping car fares, which is included in the above table. This surcharge helps to meet the cost of hauling the heavier cars required, in which fewer passengers are carried.

During 1919 the Illinois Central hauled 1½ gross tons of weight for each coach passenger carried, and 4 4-10 gross tons of weight for each sleeping-car passenger carried. Not to collect the surcharge, therefore, would obviously be a discrimination against the coach passenger, and an injustice to the railroad.

The costs of facilities for rendering passenger service have increased greatly. The average passenger coach cost \$12,400 in 1914; it now costs \$30,300, an average of 144 per cent. The average passenger locomotive cost \$20,000 in 1914; it now costs \$45,000, an increase of 225 per cent. There have been heavy increases in the costs of wages, fuel and other material.

These are some of the reasons why passenger fares are necessarily higher now than they were in former years.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,

President, Illinois Central Railroad Company.

ACCENT ON THE "YOU"

The first sergeant, of brawny army but slender education, had proceeded well enough in the roll call until he came to the name, "Montague." He studied it for a moment and then took a chance.

"Mon-taig," he roared.

There came a titter from a dapper chap in the front rank. "Ex-

cuse me, sergeant," he corrected him somewhat primly, "not Montaigne—Montag-you, and don't forget the 'you'."

"All right, Montag-you," snorted the top kick. "For that you get three days fatig-you and don't forget the 'you.'"

Ford
THE UNIVERSAL CAR

A Truck for City, Farm and Interurban Deliveries

In the few years it has been on the market, the Ford One-Ton Truck has mounted rapidly to popularity. During the past year, more than one-third of the total number of trucks sold in the United States, were Ford One-Ton Trucks. It is a record of achievement made entirely on demonstrated merit.

Wherever the Ford Truck has been used—on the farm, in the city, its sure, economical service and simplicity have made it a success. So that today it is a necessity for the wholesaler, the retailer, the farmer. It offers efficient and economic hauling for every business. Demountable Rims and Pneumatic Tires.

The Ford One-Ton Truck costs less to buy than any other truck; it costs less to operate and less to maintain. Added to this, is the Ford service organization; spare parts and Ford mechanics are always convenient and ready to keep the Ford Truck on the job. The Ford Truck cuts delivery costs. Because of increasing demand, orders should be placed without delay. We will give you prompt attention. If you have any doubts on the subject drop in to any of the undersigned Authorized Ford Dealers and get further facts.

Some Prices Are Gradually Being Lowered. And This is What This Store is Doing to Help:

Without any great noise or publicity, and regardless of the cost to this store and the loss to it, we are giving to our patrons at once the advantages of a changing wholesale market. And this regardless of the fact that such wholesale quotations have not in the least affected the cost to us of the merchandise in our store, which, of course, was bought months prior to its sale.

This is no special sale. It is simply a reduction in the prices of merchandise affected by present wholesale conditions. For instance: You can count upon this store to continue to faithfully fulfill its promises of service, and to sacrifice, if necessary for the benefit of its patrons.

You can depend upon this store to meet its responsibility of providing the best merchandise at prices that are the lowest the market conditions warrant—lower than you will find them in a majority of cities.

G. O. P. SPLIT ON ELIHU ROOT FOR CABINET

Friends to Clash With Bitter
Enders on Treaty for Sele
tion to State Post

Washington, Nov. 29.—In spite of the understanding that President-elect Warren G. Harding has eliminated Elihu Root from the list of Cabinet possibilities an earnest effort will be made by prominent Republicans to have the portfolio of State offered to Mr. Root.

At the same time there is influential opposition to Mr. Root's entry in the Cabinet. This opposition is confined mainly to those classed as irreconcilables on the League of Nations issue.

These are so set in their effort to scrap the league completely that they fear Mr. Root's sympathetic attitude toward the league project would be manifested in a way that would influence Mr. Harding.

There seems to be general agreement among Republicans that the appointment of Mr. Root would be greeted with enthusiasm by the country. It would be as pleasing to the man in the street, who has merely an abstract interest in politics, as to those of prominence in the professions and in business according to the Washington interpretation of general sentiment.

Nobody is in a position to say what Mr. Root would do if he were asked by the President-elect to become Secretary of State. It is known that Mr. Root has no desire to re-enter public life. Furthermore the condition of Mrs. Root's health is such that she would find it a burden to take up the social duties of the wife of the senior member of the Cabinet.

The out-and-out irreconcilables prefer Senator Philander C. Knox, Pennsylvania, or Dr. David Jayne Hill, New York, for Secretary of State. The leaders of this group seem to have a preference for Dr. Hill, whose attitude toward the league accords with their views.

WIDOW MAY BE CHOSEN

To Fill Place of Representative
Elect Vandewater in Congress

Los Angeles, Nov. 27.—Mrs. Charles W. Vandewater, widow of Representative Vandewater, who was killed in an automobile accident may be sent to Congress from the Ninth California District to succeed her husband. Governor Stephens announced that a special election will be called to fill the vacancy, and friends of Mrs. Vandewater announced they would support her.

Congressman Vandewater was killed when an automobile in which he was riding, collided with an automobile truck. His secretary, Miss Jane Leubben, who was with him, also was killed, and Mrs. Vandewater was slightly injured.

Caryle Hughes, driver of the auto truck, was arrested on a charge of manslaughter.

HAT OFF, LADIES!

Chicago, Nov. 28.—Equal suffrage for women means that they must not wear their hats when in his courtroom, E. P. Aring, Justice of the Peace, declared when he fined two women \$5 each for contempt of Court when they refused to remove their hats. The women paid.

When the Justice called the Court to order he said: "Everybody will please remove their hats." Mrs. Oscar McCann and Mrs. Frederick Ritter failed to do so. The Court hesitated a moment, but the two women continued to wear their hats.

"Five dollars and costs for contempt of Court," said the Justice. "If women can have equal suffrage with men they can also remove their hats in my courtroom."

BOSTON STORES PLAN TO EMPLOY BLIND SALESMEN

Boston, Nov. 28.—Shopping in many stores in this city will soon be waited on by sightless men and women if the plans made known today by the State Commission for the Blind mature. STATE'S ROAD MATERIAL FOR HIGHWAYS IN OHIO

Kentucky rock asphalt, a natural product which is bringing this State forward as a producer of road material, will be used in constructing a three-mile road in Champaign County, Ohio. Announcement of obtaining the contract to supply this material was made by James C. Kelly, an official of the Kentucky Rock Asphalt Company, which produces the article.

The road will be built by the State Highway Department of Ohio, and will be a model highway in every respect. The Ohio Highway Department has used great quantities of Kentucky rock asphalt for maintenance purposes the last year. The material has been used for resurfacing many roads which bear unusually heavy traffic. A number of miles of new roadway also have been constructed of the material in Ohio recently.

MAN FINED \$1,834.06

Owensboro, Ky., Nov. 25.—J. F. Stimen, formerly postmaster at Clay, Ky., was found guilty of embezzlement in federal court here and fined \$1,834.96, three times the amount Stimen is alleged to have embezzled.

Herbert Morrow and Bonnie Warren, alleged to have entered a bonded whisky warehouse at Henderson, Ky., were found guilty. Their attorneys moved for a new trial. The motion will come up at the next term of court. The accused men gave bond and were released.

ASYLUM FUGITIVE CAUGHT

Lexington, Ky., Nov. 27.—Reece Bolen, 20 years old, who escaped from the Eastern State Hospital last week, was arrested late last Tuesday night by Woodford County authorities and was returned to the hospital. Bolen was committed to the asylum from Floyd County, where it is charged he killed a man following an argument.

Something In This

"I predict a mild winter," said the weather man.
"Aw, your predictions never turn out well."
"There you go. No wonder my predictions never turn out well. I don't get the proper support."

METEOR

Morgantown, W. Va., Nov. 26.—Residents in the vicinity of King Wood, Preston County, W. Va., were thrown into a panic Monday when a large meteor fell at Hawesville, five miles south of King Wood, according to reports received here.

The meteor struck in the business section of Hawesville, near the railroad station. It exploded as it buried itself in the earth. The force of the blast was heard for several miles.

An automobile, standing near the railroad station, was damaged by the explosion, and the occupants of the machine were dazed, but escaped injury.

Humor

"Any accident on your motor trip, Morgan?"
"Nothing worth mentioning. My wife was thrown out and bruised a bit, but the machine never got so much as a scratch."

"Bell's going to sue the company for damages."

"Why? What did they do to him?"
"They blew the whistle when he was carryin' a heavy piece of iron and he dropped it on his foot."

"What we want to do," shouted the street corner orator, "is to get rid of socialism, bolshevism, anarchism, radicalism and sovietism!"
"True," agreed a weather-beaten old man. "And while you're about it you might as well throw in rheumatism!"

Women Who Suffer

Should find relief from their sufferings by taking the woman's temperance tonic and nerve, which has helped so many women, some of them right in your neighborhood. When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country. It is called Dr. Pierce's Favorite Prescription and can be had in every drug store in the land, in tablet or liquid form.

FRANKFORT, KY.—"After motherhood I had such miserable health for two years that I could not get around to do my own housework, most of the time I had to keep to my bed. My back ached and my nerves were in a terrible state. I doctored and took every medicine that was recommended to me, but it was not until I took Dr. Pierce's Favorite Prescription that I located the right medicine, and it very promptly relieved every symptom of feminine trouble, and eventually restored me to perfect health." Dental Notice!

Now is the time to have your Dental work attended too. Winter is coming with rain and snow which makes old Teeth ache and abscess. Abscessed Teeth or 'Gum Boils' are dangerous. You are continually swallowing this deadly poisoned Pus. Each mouthful of food carries this infection into the stomach.

Lowers vitality which invites cancer of the mouth, throat and stomach. Diphtheria, Tuberculosis, Pneumonia, Influenza, Typhoid, Brights Disease, Rheumatism, Anemia and even death frequently results from continually swallowing of Pus.

A mouth containing decayed Teeth is a poisonous Laboratory, which sends a host of Bacteria into the elementary tract. They multiply rapidly thus gain access to the lymphatic system and are carried to the distant organs. Soft spongy and bleeding gums give warning of approaching abscess. Lady Attendant.

AMERICAN RED CROSS TO GIVE RURAL HELP

Program for Public Health and Community Welfare Is Now Well Under Way.

Rural communities and towns of less than 8,000 population benefit in a very large part by the public health and community welfare work of the American Red Cross. Almost all of the 3,600 Red Cross chapters have some rural sections in their territory. Therefore the Red Cross Rural Service.

Briefly, the purpose of Rural Service is to assist people to get out of life more health, wealth and happiness. In this purpose public health instruction and general educational progress of both children and adults play a big part.

Recreation is found to be one of the biggest needs in rural life. There is lack of sufficient play-life for the children and social life for the adults. Picnics, pageants, debating clubs, baseball leagues, community singing and other social events which bring the people of surrounding communities together have been organized and carried on under the guidance of Red Cross rural workers to great advantage. In many instances solving recreational problems and getting people together proves to be the awakening of the community to other conditions which may be improved by united action.

As a result of community organization, townships in which there had been neither plans nor interest in community progress have been organized to work together with the united purpose of bringing their community up to the most enlightened standards. Lecture and musical entertainment courses have been started as a result of community meetings, as well as circulating libraries. Red Cross schools of instruction in Home Nursing, Care of the Sick and First Aid. In the larger towns the need for restrooms and public comfort stations is being met. Playgrounds for the children have been established and recreational activities worked out for the year.

In order that there may be concerted effort in carrying on the programs of the various welfare agencies in the rural districts, Red Cross Rural Service helps the organizations already on the ground. The main object of the service is to lend a hand everywhere and take the lead only where necessary.

JUNIOR RED CROSS ACTIVE IN EUROPE

Garden seeds for Polish orphans, milk for anaemic Greek babies, carpenter's tools for Czechoslovakian cripples—these are only a few of the gifts that young Americans are sending to the war-crushed children of the Old World.

Through the Junior Red Cross the boys and girls of the United States are giving a fresh start in life to little war orphans scattered all over Europe. They have set up orphan's homes in France, school colonies in Belgium and Montenegro, and day schools in Albania.

They are sending dozens of young Syrians, Montenegrins, and Albanians to American colleges in Constantinople and Beirut, and maintaining more than a hundred orphans of French soldiers at colleges and trade schools. In orphanages and farm schools up and down the peninsula of Italy there are nearly 500 wards of American Juniors.

Last winter a thousand French children from the inadequate shelters of the devastated regions were sent by the Junior Red Cross to spend the cold months in warmer parts of France. At the same time five thousand little Belgians were having a hot lunch every day at Junior Red Cross school canteens.

American school children have already raised something like a million dollars for these enterprises, and they are still hard at work.

In China, through campaigns of education, the Junior Red Cross is helping to combat widely prevalent blindness and cholera.

RED CROSS RELIEF IN CENTRAL EUROPE

But for timely assistance of the American Red Cross during the last year, a large proportion of the 20,000,000 population of the Balkan States might have starved or perished from disease or exposure. Six million dollars worth of food, clothing and medical supplies have been sent to the Balkans—Roumania, Bulgaria, Albania, Montenegro, Serbia, Bosnia and Greece—since the beginning of Red Cross relief operations in Central Europe, while millions of dollars worth of food alone has been sent to the needy in these states.

The money expended by the Red Cross in this stricken portion of Europe has been used to set up hospitals, orphanages, dispensaries, mobile medical units and to help in the general reconstruction of devastated areas. American tractors and other farming implements have been sent to the agricultural regions where aid has been given in plowing the land.

By the last of this year probably all American Red Cross agencies administering relief in Central Europe will have withdrawn. By that time, it is believed, the people will have approached a normal state of living and will be able through their own agencies which the Red Cross has helped set up to provide for themselves.

NAMED FOR FAMOUS WOMEN

Ireland and England Have Many Such Places—Scots and Saracens Distinguished in Like Manner.

Races do not scorn to boast that their names were taken from those of women. The Scots claim to be descended from Scotia, a daughter of Pharaoh, and the Saracens from Sarah, the wife of Abraham.

The harbor Bearn, in Ireland, is said to have been named by Owen More, king of Munster, during the reign of Conn of the Hundred Battles, for his wife, a Spanish princess. No saint perhaps hold a dearer place in the Irish heart than St. Ite, or Ide, often called Brigid of Munster, and we find her name in several variations in the names of many churches and places throughout that country.

A charming little legend hovers about the naming of Charing Cross, the busy London station. At the spot in 1291 Edward I erected one of the 13 crosses marking the route followed by the funeral procession of his wife, his "chere reine," from Nottinghamshire to Westminster abbey.

WASN'T LIKE REAL TROUBLE

Or, as Nipsley's Unfeeling Acquaintance Put It, "It Might Have Been Worse."

"Poor Nipsley! It was a terrible blow to him."

"Nipsley? I haven't heard about it."

"What's the matter?"

"It was very sudden. He's all broken up. I saw him yesterday, and he told me he didn't know how he could get along without her. To tell you the truth, I wouldn't have believed before it happened that he'd have taken it so hard. He hasn't been able to attend to business or to—"

"Say, for heaven's sake! why don't you tell a fellow about it? What's the old boy's trouble?"

"His wife's death."

"Oh, Lord! I thought from the way you spoke that somebody must have come along and hired his typewriter girl away from him."

Fresh Chicken.

Tom Crandall of Texas, prominent in oil circles of late, tells the following on a minister who had discovered oil on some land he owned. The minister invited some of his deacons to go with him to the new field, so that they might share in the opportunities.

They were breakfasting at the local eating house and had decided that they would order chicken.

When the waitress, a catclined and peroxidized miss, came up, the minister inquired: "How is the chicken this morning?"

"All right, kiddo!" she retorted. "How are you?"—Saturday Evening Post.

Stepping Out.

The late long staple cotton crop has made quite a lot of money for South Carolina negroes. A short time ago one of them purchased a high-priced car. A few days later he went back to the salesman.

"Cap, is you got any of dese here cawketchers?" he inquired.

"Do you mean bumpers, Charlie?"

"Yassir."

"Well, Charlie, do you want one for both ends of your car?"

"Nawsir, cap, ain't nobody gwine ter ketch up wid me. Ah jes want one to de front."

Walkaway Marriage.

A young couple rushed into the marriage license bureau in the Municipal building the other day and announced to City Clerk Scully that they wished to be married at once.

Dan Cupid's executive officer surveyed the couple from under grizzled brows and said severely: "I'm afraid this is a runaway match."

"Well, your honor," returned the prospective groom, "I can't exactly say we ran, but we walked pretty fast."—New York Times.

The Sign of No.

"That dog of mine is very intelligent," said the sweet young thing.

"I have no doubt of it," replied the caller.

"I was singing just now and I asked Fido if he liked the song, and he wagged his tail."

"But did he wag it up and down or from side to side?"

"Why, from side to side, of course."

"Well, I should say that denoted that he meant he was not pleased."—Yonkers Statesman.

Right.

Wee boys have their own way of judging time as six-year-old Johnnie proved the other morning. His mother had taken him on a shopping tour with her. She shopped long and then met an acquaintance and began a discussion on the subject of her purchases. John endured it as long as he could. Then he touched her elbow. "Hurry up, mother," he pleaded. "I would like to go to dinner before supper time. Wouldn't you?"

A Man and His Company.

"Several people have told me they had made election bets which would not allow them to shave until I have been elected sheriff," remarked the confident candidate.

"Well," commented Senator Sorghum, "if you want to know my candid opinion, a man with that kind of a constituency doesn't deserve to be elected."

Erroneous Impression.

"I hear you are dabbling in oil."

"Nope. They didn't strike enough to dabble in."

Uniform Prices	Expensive Chewing	State of Ohio, City of Toledo, Lucas County, ss.
Leather men in session at New Orleans last week decided "to adhere to uniform prices and selling methods and adopted a policy of co-operation they say will aid in stabilizing the market." In other words the decline in prices of hoes, hides and cow skins will have little to do in reducing the cost of shoes during the coming winter—Cadiz Record.	Somewhat we are not able to get it through our brain, or solve the problem of how it is that while corn can be bought for a dollar a bushel, that meal should be sold at the rate of 4½ cents a pound, or \$2.25 per bushel. Either the miller or some one else is certainly making a pretty good sized profit. The same applies also to meat either fresh or cured. A corn pone with meat and gravy make rather expensive chewing.	Frank J. Cheney makes oath that he is senior partner of the firm of F. J. \$30,000 CRUDE OIL LOSS

Frankfort, Ky., Nov. 29.—Fire today destroyed eleven oil tanks and their contents of 88,000 gallons of crude oil valued at \$30,000 when a car jumped the track at Duckers on the Louisville & Nashville railroad near here. Sparks from the engine are believed to have set the oil afire. Thirty-four cars in the train were saved.

RESIDENCE BURNS

Mr. Thomas Johnson living on the farm of Mr. Tice Baker, near Sunnydale, lost his residence and the greater portion of his household goods by fire, one day last week. There was no insurance.

Having enlarged our garage and increased our force, we wish to announce to our many friends and patrons that we are better equipped and are in better position than ever to give the automobile public the service they demand and appreciate. Give us a trial and be convinced.

Christmas is Coming!

HAPPIEST words of the whole year—to the smallest child that can understand them—to the dearest old grandmother who can hear them, and to every other whole-hearted human being between,

Never was a brighter Christmas in prospect than this one. The war has gone further into the past and the evils it left behind are passing away.

What a happy thought it is going to be, when we are puzzling over gifts for friends, to realize that Christmas money will buy so much more than it would a short time ago—more quality or quantity—MORE HAPPINESS FOR FRIENDS—may now be bought with every dollar that is spent.

Our Christmas Store Invites You

I never was more interesting, for the array of Gift-Things, or for the attractiveness of the prices.

They tell us that this is going to be a year of sensible, practical gifts. That has been the wholesome tendency for years, and we have provided abundantly for those who wish to buy sensible, practical gift-things. Every section of our store is filled with them, and fore-handed folks, who do their Christmas shopping early, will be delighted with what we have to show them now.

But there will always be friends for whom the less practical things are desired—the things that one may count it extravagant to buy for oneself, but which one is so delighted to receive on Christmas morning. These, too, are here in gratifying variety.

“Christmas is Coming”

To enjoy it most fully and avoid all its unpleasant worries, DO YOUR CHRISTMAS SHOPPING NOW—get the best pick of the gift-things and avoid the rush and worry of those vexatious days just before Christmas.
